Personal projects

- Ecommerce website:
a fully responsive website using HTML5, CSS3 and Javascript, the site simulates a geek online store to train my skills (available on my GitHub)
- Simples Assim:
"Simples Assim" is the name of a platform still under construction, it is a long-term personal project, the idea is that in the future it will be a teaching platform. The current languages used on the site are: HTML5, CSS3 and javascript but I plan to use react js soon (available on my GitHub)
